

Pfizer US Trade Operations

September 22, 2026

CERTIFICATE OF COMPLIANCE

- Product Name/Strength: Bacteriostatic Water for Injection, USP
- NDC Number: 00409-3977-03
- Lot Number: RC9000
- Expiration Date: 04/30/2028

All Pfizer products are manufactured in accordance with current Good Manufacturing Practices (cGMPs) and conform to all relevant governmental regulations. Additionally, manufacturing, and analytical records for each product lot are reviewed by the appropriate quality unit and determined to comply with master production documentation, test procedures, and specifications prior to their release for distribution.

Please be advised that receipt of this certificate does not provide assurance that the lot in your possession is authentic Pfizer product. Authenticity can only be assured through direct purchase from Pfizer, its direct distributors, or receipt of Pfizer product in its original sealed container.
